NOV 1950

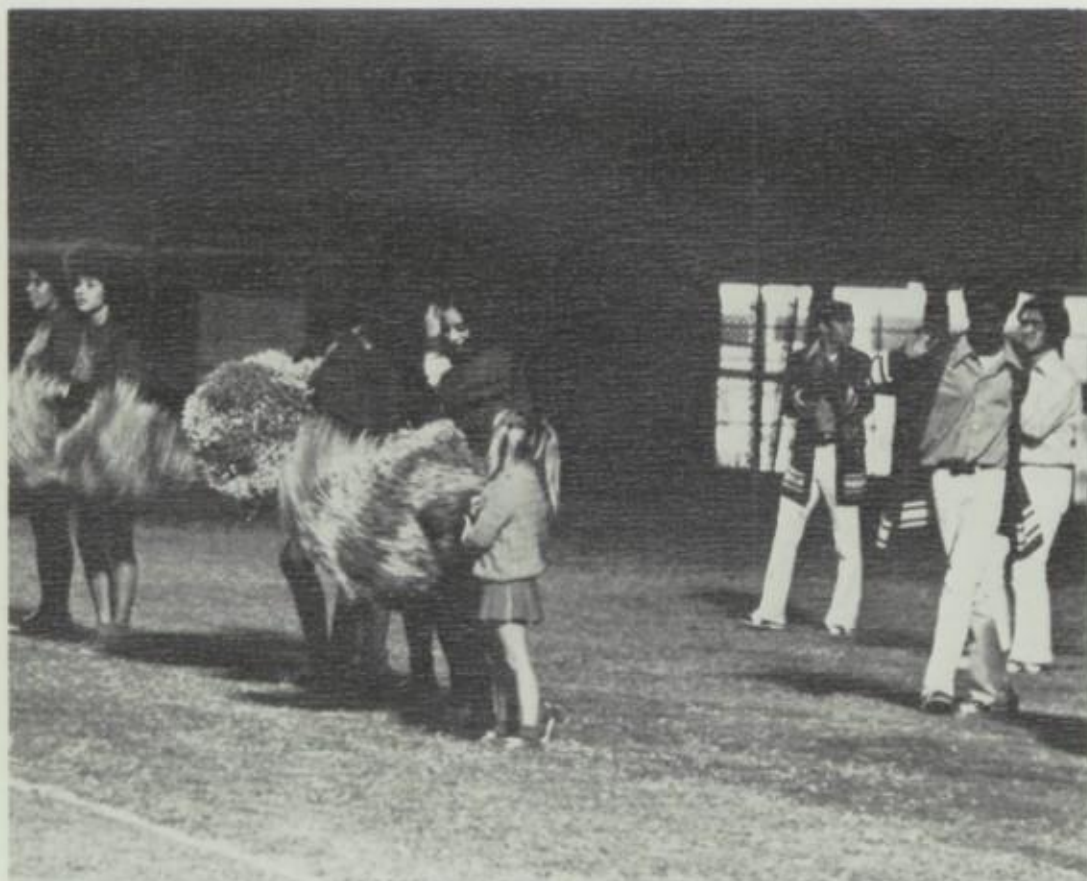

Few things hold more interest for men than women, and however unusual Daniel Murphy is in other areas, in this one the Murphy Man is no different than any other. Any true and candid observation of Daniel Murphy will bear this out. The woman alone stands as the common denominator among men.

We all know her. She is attractive, friendly, and interesting. Her surprise is our delight, and her delight is our ecstasy.

She has the power to move mountains with her smile. She brings cheer and love to her man when the world has put him down. She is man's helpmate and his incentive to keep the valuable things of culture, temperament and kindness from being lost.

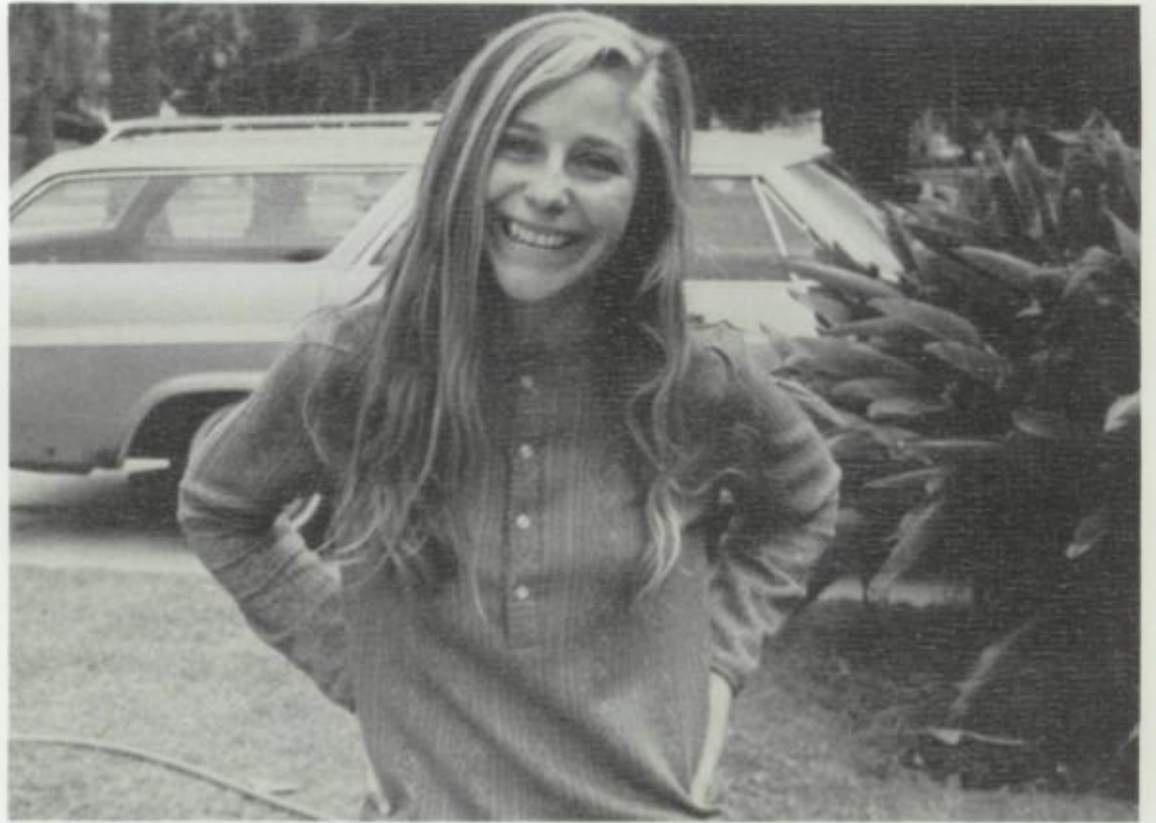

Destiny and nature call us to walk with her. Her body is the attraction and her love is the bond by which mankind continues.

Her grace of line and movement make her wonderful to watch, her strangeness and mystery make her heaven to know. When you stand with her, you stand invincible.

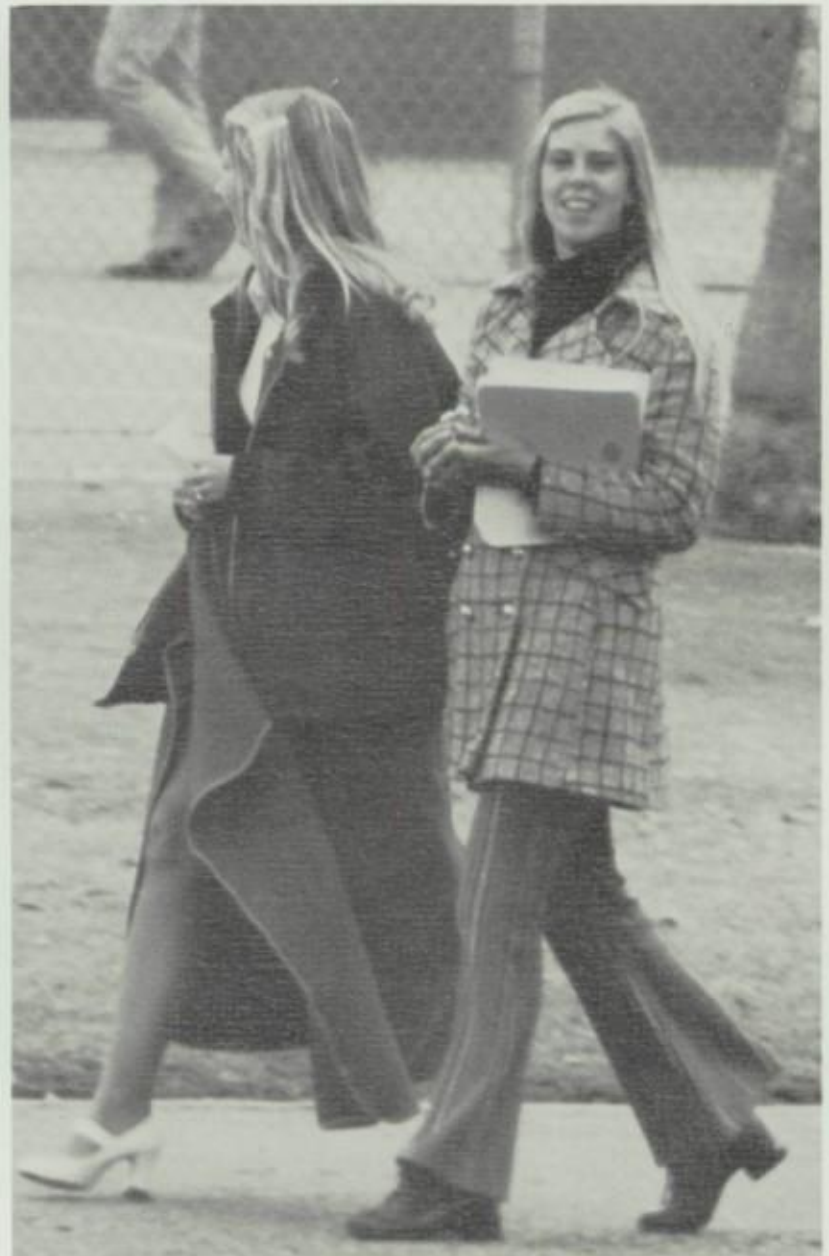

No matter where you go, she is there. She may be alluring and liberated, young and pure, free and easy going. She holds commitment to freedom as her nature and the future of man rests with her.

Her independence is ours. Why is she the center of this book? She is the center of man's life.

Dedication

Students of any school have regreably few chances to thank their instructors for all that they have done. Those teachers that are deserving of recognition are often the ones who do not get it. For this reason we have dedicated the 1972 Calarogan to Br. Mark O'Leary and Fr. Joseph Kiefer.

Both of these men have seen many classes of Murphy students come and go, and they are integral parts of the Murphy experience. They are major parts of the memories that the students carry with them, and they are two of the most helpful and individualistic forces available. To them we say Thank You.

Day of Recollection

This year, Daniel Murphy once again sponsored a day of recollection. It provided a time for students to reflect on life and living. Hopefully, such days in the future will allow the student a better understanding of his situation.

What is the significance of this page? We of the Calarogan staff pondered this question for many hours and finally came up with the conclusion that we should continue to ponder it.

Murphy vs. Lennox, Real score 137-39

In 1968, the Daniel Murphy Calarogan had for its theme the Bob Dylan song "The Times They Are A Changin'". One of the items printed was a selection entitled "Student's Eye View of the Faculty." We of the '72 Calarogan now state that although times change, people don't. To prove our point, we are reprinting the item and some of the pictures that accompanied it. Note: All pictures, illustrations, and student quotes were made in 1968.

Fr. Hoffman . . . Outspoken 15th Century Theologian . . . Students are kept at a fever pitch . . . His classroom affectionately known as Sleepy Hollow.

Fr. Kiefer . . . "Hawkeye" . . . Currently under investigation by the Federal Trade Commission . . . Known for drastic reductions on used books.

Whirling round and round, the Carousel swings past the gold ring.
The ones who chose to sit on the outside grab for the treasure.
The others engage themselves in whatever games and conversations Please
them. Some enjoy, some are bored.

Suddenly, the riders realize that every time the Great Wheel goes around,
The ring changes.

It glows with dreams, reflecting the symbols that hold value to some,
And showing the paths of future life to All.

There is a great rebellion as the Mechanical Dervish seems to go faster.

The rings are becoming new and hysterious as the riders follow one another.

The bands which were a part of went before are now of a totally new element.

Others curse them for changing.

Most look but do not see until it is too late to grab on and cherish.

Whirling round and round, the Carousel swings past new gold rings, yet only a
few keep up and become one with the changes.

Most do not see or understand until a new ring pops into place.

And the Carousel continues.

WHY MEN RUN

People may wonder why young men like to run distance races. What fun is it? Why all that hard, exhausting work? Where does it get you? Where's the good of it? It is one of those strange ironies of this strange life that those who work the hardest, who subject themselves to the strictest discipline, who give up certain pleasurable things in order to achieve a goal, are the happiest men. When you see 20 or 30 of them line up for a distance run in some meet, don't pity them, don't feel sorry for them. Better envy them instead. You are probably looking at the 20 or 30 of the best bon vivants in the world. They are completely and joyously happy in their simple tastes, their strong and well conditioned bodies, and with the thrill of wholesome competition before them. These are the days of their youth, when they can run without weariness; these are their buoyant, golden day's, and they are running because they love it. Their lives are fuller because of this competition and their memories will be far richer. That's why men love to run. That's why men do run. There is something clean and noble about it.

L-R J. Humphrey, P. Goehner, R. Perez, M. Stevenson, R. Tambo, W. Sparks, S. Black, T. Doyle, E. Graveline, Coach R. Latham

The 1971-72 Noble Cross Country team was a true success, becoming the first team ever in the history of DMHS to compete in C.I.F. finals. Finishing second overall in pioneer league competition, Coach Ralf Latham's young squad of 2 milers captured 7th place in the small school division of C.I.F. The leadership of co-captains Paul Goehner and Michael Stevenson, together with the excellent training program of Coach Latham, sparked this cross-country to be the winningest in Murphy's history.

Undoubtedly a superstar in his own right, Paul Goehner has become the first and only Murphy runner ever to achieve the title of all-C.I.F. Among Paul's most outstanding performances was his first place victory at the Pacific Invitational, a showdown of top competitors from all over Southern California. At the Mt. SAC Invitational, Goehner captured a third place trophy for his heat over a field of more than 1000 runners. Second in Pioneer League and fourth overall in C.I.F., Paul led his team, the "Latham Leather Lungers", to many memorable victories.
